#### DESCRIPTION

Villa Atlantis is an estate set on the front line in Es Cubells, only 20 minutes drive from Ibiza town. The villa is set over 3 floors. It has two separate buildings consisting of 7 en-suite bedrooms, gym, open plan living and dining area with video games for the kids.

This new, fully renovated Ibiza villa is stacked with history from its previous English owners from the music business. The new Dutch owners, have created a modern, fresh new villa with first class facilities and the type of immaculate finishes and fittings you would expect to find in the finest hotels of the world.

In fact with the secluded beach and boat jetty this is much better!

In the summer, this is the ideal spot to enjoy sunrises and sea views. Nothing has been left out on this renovation, whether it's the Sonos sound system, kids' video parlour, private massage hut, boat deck and three wheeler motor bikes, this villa is to be enjoyed!
