END TIME **00:00 outside**

DESCRIPTION

Can Marina is a traditional finca, rurally situated in the northern hills between Sant Joan and Sant Miquel, with a distant sea view and splendid sunsets. The finca reaches out over 22 acres, from the meadows in the valley to the forests on the top. The house lies halfway up hill, surrounded by ancient, walled terraces, with Mediterranean plants and fruit trees. A holiday in Can Marina will meet all needs and wishes in quality. Still it is like stepping into an unbroken chain of time, it calms the mind, slows the heart and opens up the soul to here and now. There is unbroken continuity. All is well. The ultimate carefree Ibiza Experience!!

Over the last decade the finca has been renovated authentically blending in all modern comfort. A new wing and a detached guesthouse (casita) were added to a living space of over 500m2. Hidden in the surroundings at the edge of the forest, there is another 500m2 of top design pool terraces, with swimming pool, children's pool, Jacuzzi and imposing waterfall overlooked by a traditional pavilion with outdoor kitchen.. A view over the infinite waterline reaches from the hills of Sant Miquel over to the shores of the Mediterranean Sea.
